OFFICIAL DEPO'S AND RECOMMENDED RENTAL COLLECTION POINTS (VEHICLE COLLECTION & RETURN)

South Africa: Johannesburg (Midrand) & Cape Town

Namibia: Windhoek

Botswana: Kasane

Please note: for all rentals starting outside South Africa the Namibian rates apply.

ONE WAY DROP OFF AND DELIVERY FEES

Vehicles can be collected and dropped off in most areas in Southern Africa for additional charge. It is recommended to use the official depo's.

Risk of remote handovers – clients should be aware that there are very limited facilities in most smaller towns in Southern Africa and no option to replace or repair specialized equipment. This can affect the service

delivery of the suppliers and while they will avoid it in most cases it is a risk which can at times be unavoidable and which the renter should be aware of and a reason why the official depo's are recommend.

Please confirm all delivery charges at time of enquiry

VEHICLE COLLECTION/RETURN

Vehicle collection will take approximately 1 hour, depending on the questions asked and client feedback. This involves a thorough explanation and demonstration of the vehicle and its equipment. On arrival the vehicle would have been checked by the supplier and an inventory and various check sheets are completed. It is still advisable and to a point the responsibility of the hirer to check through the vehicle and ensure they are comfortable with the operation of the vehicle and that all necessary equipment is provided. The handover is only complete when the renter is comfortable with the vehicle and use of the equipment and that the renter has everything necessary for their trip. Tyre conditions, wheel changing tools, high lift jack operation, four wheel drive system operation and general maintenance guidelines must be checked for each and every rental.

Please check all damages on the vehicle(s) and that it is captured correctly on the diagrams with the representative when collecting and returning the vehicle. The renter will be required to sign these documents which will be acknowledging their accuracy in determining the existing or new damages.

When returning the vehicle, an hour should be set aside in order for the vehicle / equipment to be checked. Vehicles should be returned clean, in order for the vehicle check in to be done. An excessively dirty vehicle will be charged a cleaning fee of ZAR400.00.

LICENCE AND MINIMUM AGE

The hirer is required to have a valid passport or identification, a valid driver's license and a credit card (in the same name) which should be provided for the insurance excess or deposit. Copies of these documents must be provided if collecting in remote locations or areas outside of the standard locations.

The minimum age is 21 years – maximum 85 years.

E TOLL POLICY (GAUTENG ROAD TAX)

Due to the addition of more toll roads to be included on the ETOL system, a ZAR250.00-ZAR350.00 etol deposit will be billed against the renters credit card. Certain of these toll roads are outside Gauteng. Toll fees will be reconciled post rental and credited or additional debited depending on charges received.

Insurance covers the direct cost of replacement of vehicle or equipment only. In the case of tyres and windscreen it covers the cost of the equal replacement of tyre or windscreen but no delivery costs, loss of time or any other expenses are covered or included. The value of items or the amount refunded is limited to reasonable amounts based on retail in South Africa plus 30%. As an example the Toyota Hilux Windscreen refund is limited to R 5,000.00. It is advisable to preauthorize large claims in excess of R 5,000.00.

USAGE

- The hirer acknowledges that he/she is aware of the purpose for which the vehicle was designed, as well as all safety and maintenance procedures. The hirer is responsible to look after and maintain the vehicle during use and to return the vehicle in good order, fair wear and tear accepted.
- In the event of the vehicle or any of its belongings being lost or damages during the rental period, the Hirer shall be liable to cover the cost of replacement or repair and to make good on any shortages or damages to the vehicle. Standard Insurance Cover is included and will cover loss or damage due to theft and collision damages but not lost items or damages due to gross carelessness or negligence.
- Cross Border Travel – written authorization is required for any travel outside of South Africa.

- Checking the vehicle and signing the contract – it is recommended that the hirer should check the vehicle thoroughly on handover to ensure the vehicle meets with their requirements and it is always beneficial to recheck items like wheel changing tools and tyre condition. On signing the contract the Hirer signs acceptance of the vehicle and equipment.
- The Hirer is in control of the vehicle and is responsible to report any problems or avoid any driving obstacles they are not comfortable to cross or which may put the vehicle at risk. Additional care should be taken in remote areas where recoveries and repair are more difficult to effect. These areas carry higher risk and the hirer assumes this risk when entering these areas. The Hirer should be proactive prior to entering these areas, do general checks on the vehicle and any noises, new rattles or possible fluid leaks investigated before heading into remote areas.

REPAIRS AND MECHANICAL FAILURES

Any mechanical repair or replacement related to fair wear and tear is covered by the supplier. Repairs of up to ZAR 2,000.00 can be effected without prior authorization. On higher amounts prior authorization is required from the supplier. Due to the vastness of the area where vehicles are mobile the renter is responsible to get the vehicle to the nearest workshop. Where not mobile the vehicle should be towed to the nearest workshop for diagnosis.

Wherever possible please contact the supplier Johannesburg Head Office if you pick up a technical issue. They must be aware of the problem in order to try and resolve but you are able to take the vehicle to any workshop and the costs will be refunded. If there are more serious technical issues it is imperative to contact the supplier before continuing.

In most cases vehicles are still covered under the new vehicle manufacturers warranty and their warranty conditions will apply where mechanical failures occur. It is important to remember that the supplier is not the manufacturer of the vehicle or equipment but will do its utmost to select and offer the best and most recommended vehicles and equipment as well as ensure the vehicles are fully maintained and checked prior to departure.

Where serious mechanical failures occur due to standard wear and tear and which cannot be repaired timeously a replacement vehicle will be supplied within 24 hours of diagnosis. This relates to the countries of South Africa, Botswana, Namibia, Zimbabwe, Southern Mozambique and Southern Zambia. In countries further North replacement time is within 72 hours. Inconvenience and time loss is not covered for mechanical failures which cannot be anticipated and were not apparent at the start of the rental.

Towing is covered for the countries of South Africa, Botswana, Namibia, Zimbabwe, Southern Mozambique and Southern Zambia. Further North towing is covered by the Hirer.

Roadside assistance: the supplier offers contact numbers which are available at most times and will assist with any problem telephonically. Due to vastness of the Southern African region and the unknown logistics the supplier cannot provide immediate recoveries or technicians to all areas but will rely on local resources and will do their best to ensure speedy repair or recovery.

VEHICLE MAINTENANCE REQUIREMENTS

- The vehicles are fully serviced and maintained as per manufacturers requirements and the supplier has introduced additional maintenance which is completed on vehicles.
- The hirer is responsible to maintain the vehicle during the rental period. This would include the standard check of tyre pressures, wheel alignment if necessary, oil and coolant levels and to be aware of any symptoms which may arise during the rental period.
- Should the Hirer become aware of a potential problem with the vehicle it is their responsibility to make contact with the supplier or have it checked at the nearest workshop before proceeding further into remote areas.

ROAD RESTRICTIONS

The renter should disclose a general route or inform us of any special areas or borders that may need to be crossed as this can influence vehicle preparation.

4 Wheel Drive vehicles are allowed on all bitumen/tar and gravel roads as well as all recognized public 4x4 tracks in South Africa, Botswana, Namibia, Lesotho, Zimbabwe, Zambia, Mozambique, Tanzania, Swaziland and Malawi. Special permission is required for any other countries in Sub Saharan Africa.

The hirer assumes all risk when travelling on very bad roads or in extremely remote areas. This may cause further delays in recovering the vehicle or offering a replacement vehicle. Roads like Van Zyl's pass in Namibia should be avoided and if the supplier is not able to recover the vehicle due to the position, the hirer will be responsible for the delays. Cautious driving is essential in any remote area and on any poor roads.

If the supplier does not have access to an area, for instance on the desert tours in Namibia then the hirer is responsible for the salvaging of the vehicle to an area where the supplier does have access.

The renter is in control of the vehicle and is responsible to report any problems or avoid any driving obstacles they are not comfortable to cross or which may put the vehicle at risk. Additional care should be taken in remote areas where recoveries and repair are more difficult to effect.

CROSS BORDER SURCHARGES

A once off cross-border surcharge is applicable when leaving South African borders. This is a once off charge irrespective of how many borders are crossed.

A ZAR 800.00 fee is applicable for the countries of Botswana, Namibia, Zimbabwe, Zambia and Southern Mozambique (south of Zambesi River). If the vehicles are collected in a neighbouring country and no borders are crossed then the Cross Border Fee is not applicable, but only the delivery surcharges.

A ZAR 3,000.00 fee is applicable for the countries of Northern Mozambique (north of Beira/the Zambesi River), Malawi, Tanzania, Uganda and Kenya.

No surcharge applicable for Swaziland and Lesotho.

The Cross Border Surcharge does not include any custom charges which are paid directly to customs at the relevant border or port of entry.

IMPORTANT

The renter is fully liable for any damage to the vehicle or third party property if:

- The terms of the rental contract are breached.
- Damage to the vehicle or equipment caused by gross negligence or reckless driving.
- Driving under the influence of drugs or alcohol or in any way that contravenes the prevailing law.
- Water submersion or salt-water damage.
- If the vehicles is abandoned and no contact is made by the renters to the supplier.
- Driving on restricted or closed roads.
- Driving on dunes or offroad where no track is obvious.

COLLISION DAMAGES & ACCIDENTS

- All accidents must be reported to the local police within 24 hours.
- Where collision damages render a vehicle unusable, a replacement vehicle can be supplied if available but all costs are for the expense of the renter.
- The renter is responsible for the return of the damaged vehicle to the closest office.
- No refund will be given for lost days due to collision damages. This is limited to a maximum of 21 days from date of incident.
- Should the renters continue with a new replacement vehicle, then a new rental contract and insurance conditions will apply.
- An administration fee of R550.00 is levied for the processing of any accident claims.
- The exact insurance conditions and area of liability will also depend on the level of insurance selected.

INFRINGEMENTS

The renter is liable for all fines and penalties in relation to the driver's use of the vehicle or the vehicle itself incurred during the rental period plus an administration fee of ZAR150 for each infringement or penalty notice that has been redirected from the supplier to the renter.

CANCELLATION FEES

Fees in Percentage of total quotation if:

25+ days before pick-up	=	No Fee
24 days to 6 days before pick up	=	50 %
5 to 0 days before pick up	=	100 %

If vehicle is returned early or collected late – No Refund Available

On rentals involving 5 or more vehicles a different deposit structure may be requested

CHANGE OF VEHICLE

If for reasons beyond our control, the reserved vehicle is not available, we reserve the right to substitute the vehicle with another vehicle in the same category or in a higher category. This shall not constitute a breach of contract or entitle the hirer to a refund.

EQUIPMENT AND ACCESSORIES

The supplier does not manufacture the equipment and accessories but will make every effort to ensure equipment or accessories fitted or provided are of good quality. The supplier cannot warrant or guarantee their performance or reliability.

In the case of equipment issues or failures the hirer can repair or replace equipment at the cost of the supplier. Where the amount exceeds R2,000.00 prior authorization should be obtained. In the case of larger and more specialized items like the fridges and roof tents where these are not usable and are not able to be replaced the relevant item will be refunded from when it is reported faulty. This as long as it is due to fair wear and tear and not usage related or due to impact. The rental rates for fridges and roof tents are ZAR60.00 per day.

No tent is completely Mosquito proof so other precautions should be taken in Malaria areas. Zips which fail during the rental will not deem a tent unusable or validate the swop out of a tent unless otherwise agreed by the supplier.

Specialized equipment and equipment requests not within the standard vehicle configurations cannot be guaranteed in the offices outside of Windhoek and Johannesburg. In the case the supplier cannot provide certain equipment it is not deemed a breach of contract. The specific item the supplier is unable to supply will be refunded.

Additional equipment is available as non-standard vehicle equipment and in addition to the vehicle rental. This includes electronic equipment like GPS and satellite phones. The supplier may use outside suppliers for

this equipment and cannot warrant the accuracy or reliability of this equipment. This equipment should be checked by the renter on handover to ensure functional and should the equipment fail during the hire period it should be reported to the supplier immediately but we cannot guarantee replacement or repair and this will not constitute a breach of contract or affect the vehicle rental agreement. The supplier will endeavour to refund the rental of such equipment from the date reported or authorize replacement at the nearest town centre where this is feasible. Equipment will be tested by the supplier or manufacturer to establish reason for failure and grounds for refund.
